**Central Ohio Technical College
Graduate Survey 2017-2018**

BUSINESS MANAGEMENT TECHNOLOGY

- Concerning current employment status, fourteen of the respondents were employed full-time, working 40 or more hours per week and three were working part-time by choice. One respondent reported that they were unemployed and not seeking employment at the time of the survey.
- In response to the question, “Do you plan to enroll in an additional training or degree program within the next six months,” nine of the respondents indicated Yes and nine specified No.
- In response to the question, “Is your current employment related to your degree,” all seventeen of the respondents employed indicated Yes.
- All individuals responded to the question “The courses in your technology gave you the skills to be successful in the major areas involved in my job.” Five specified very well and thirteen responded well.

Program of Study	N	Survey responses	Response Rate	Percent Employed full- or part-time *	Percent employed in field study ^	Average salary range v
Business Management Technology	48	18	38%	94%	100%	\$37,000 to \$39,999

Notes:

-- No response/No Data

* Question One – Please indicate which statement best describes your current employment status: Employed full-time (40 or more hours per week), Employed part-time (working part-time by choice – or – unable to find full-time employment), Not employed but looking for a job, Not employed and not looking for a job.

^ Question Two – Is your current employment related to your degree: Yes/No.

v Average Salary Range only calculated for those respondents who reported employment.

Respondent Comments:

I enjoyed COTC very much and so did my wife, and she in fact just recently joined the faculty team!

I use some of what I learned during my time at COTC in my current position. It has helped me succeed here.

My hourly pay is \$19.46. Unsure if you wanted gross annual salary or net salary so I put my gross salary in the selection.

I love the instructors here especially Bonnie.

I wish there had been more hands on training. I wish there was more work with communication training. Both verbal and digital, such as email.
