INTRODUCTION

Your safety is our concern. It also must be your concern. As a college, we work very hard to prevent crime, fire, accidents and illness, but nothing we do is as important as what you do – and, in some cases, don't do.

The Department of Public Safety, including The Ohio State University Police, Newark Campus Security and COTC Extended Campus Security has primary responsibility for crime prevention, fire prevention, emergency planning and law enforcement on the Central Ohio Technical College (COTC) campuses. Other areas, such as Student Life, the Title IX Coordinator, the COTC Admissions Office, and many others contribute to making this a safer place to study, work and live.

This publication contains valuable information about how you can help us keep you safe, on and off campus. Please pay special attention to the safety tips. Following them will help reduce the chances that you'll be the victim of crime, become injured or lose valuables.

This report is intended to comply with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. While we have sought to make this report a valuable resource of safety information, we invite you to contact any of the departments or programs listed in this report for more information about our policies or resources.

Let's work together to have a safe year.

THE NEWARK PUBLIC SAFETY DEPARTMENT

The Department of Public Safety at the Newark Campus is comprised of a multi-layered approach. Current law enforcement personnel, non-armed security personnel and students hired to assist in providing non-essential services, staff the department. Many of the current security staff are retired law enforcement officers providing years of experience. Public Safety provides varied services to include ID services, and BCI+I, FBI backgrounds for employment and educational requirements. Key and Access control, building lock out, vehicle jump-start and lock out assistance are provided along with safety escorts.

The Department of Public Safety is staffed by: Ohio State University Police Officers and security officers who have full institutional authority. In addition to full-time security officers, Public Safety employs a modest student security staff that provides services for the College community on the Newark Campus. Public Safety Security Officers and Public Safety Student Workers do not have statutory arrest powers but work to assist with security matters. The Department of Public Safety provides key and ID issue for faculty, staff and students. Security regulates parking and traffic, campus escort service, and motor vehicle assistance. On each of the extended COTC Campuses, the Building Supervisors provide security services for each location.

Emergency telephone service, **9-1-1**, is available from all campus phones. The use of 911 will connect you with the local County 911 Center where fire-EMS and police service can be dispatched. Calling 911 will not directly connect you with Ohio State Police at the Newark Campus or Newark Campus Security. They may be reached by calling 740.366.9237 24 hours a day, 7 days a week, 365 days a year.

THE OHIO STATE UNIVERSITY POLICE DIVISION

Police officers of The Ohio State University are designated by statute as the law enforcement officers for Ohio State Newark and COTC by mutual aid agreement. They are empowered to use investigative authority on reasonable suspicion of crime, and to arrest as authorized by law, and to use reasonable and necessary force to enforce law and protect property on university and college land and as provided by mutual aid compacts established with other jurisdictions. Their oath of office is a personal commitment to the rule of law and constitutional limitations of police authority. Ohio State Police perform the same duties and have the same authority as police departments in the cities in Ohio. They evaluate reported crimes and conduct investigations to determine the responsible party. Ohio State Police enforce laws regulating underage drinking, the use of controlled substances, weapons, and all other incidents requiring police assistance. They have police jurisdiction on all college property.

The Ohio State Police Division has established a strong working relationship with many local, state and federal law enforcement agencies. Ohio State Police work cooperatively with these agencies and have regular contacts with Newark Police Department, the Licking County Sheriff's Office, Coshocton County Sheriff's Office, the Knox County Sheriff's Office, Mt. Vernon Police Department, Pataskala Police Department and the Ohio State Highway Patrol on matters of mutual interest and concern. The Ohio State Police Division has entered into agreements with all Licking County Law Enforcement Agencies, to allow Ohio State Police to investigate criminal offenses and perform other police functions in those jurisdictions under certain circumstances.

The Ohio State Police Division has also entered into a joint agreement with Bowling Green State University, Central State University, Cleveland State University, Kent State University, Miami University, Ohio University, Shawnee State University, University of Akron, University of Toledo, Wright State University, Youngstown State University and Columbus State Community College to provide and receive mutual assistance and police services upon request. The Ohio Intrastate Mutual Aid Compact law gives Ohio State's Police Division the ability to call upon any law enforcement agencies to provide mutual assistance or aid for purposes of responding to and recovering from a disaster, preparing for incidents, exercises, training activities, planned events, or emergencies, any of which require additional resources. This compact allows state universities and colleges to maximize resources for large planned and unplanned events.

The Ohio State Police Division is located in the Newark Campus Warner Center, room 105 to receive reports and investigate crimes that are reported to have occurred on college property. This office is collocated with the Newark Campus Public Safety and Security.

THE NEWARK CAMPUS SECURITY DEPARTMENT

Campus Security Officers provide support and summon law enforcement assistance for individuals who have been victims of crime. Officers also secure buildings and property and monitor the activity of all individuals. The Public Safety Office works closely with local, state, and federal law enforcement agencies regarding the reporting and investigation of crime. Students, faculty and staff must respond to reasonable requests of security officers in the exercise of their duties to provide a safe and secure campus. Failure to be cooperative may result in various outcomes from student conduct and Human Resources sanctions to arrest by Law Enforcement. Reporting to the Office of Facilities Operations and Planning of the Newark Campus, Officers patrol 24 hours each day using marked police and security vehicles, golf carts, and foot patrols. On the COTC Extended Campuses security services are provided during normal building hours.

COTC Campus Safety Escort Program:

The Safety Escort Service serves all COTC Campus students, faculty, and staff. Our goal is to offer an alternative to walking alone when someone is feeling uneasy. Arrangements can be made in advance or on the spot. From a campus or cell phone, on the Newark Campus, individuals can contact one of our officers at 740.366.9237 24 hours a day, 7 days a week. On the Coshocton, Knox and Pataskala Campuses ask for this service at the Gateway desk or the respective Facilities/Public Safety office.

The Ohio State Police and Newark Campus Security works in conjunction with the Newark Police Department through a mutual aid agreement. COTC Campus Public Safety cooperates with all local law enforcement, state, and federal authorities in the exercise of their responsibilities. It is the policy of Public Safety to encourage accurate and prompt reporting of all crime to the Public Safety Department.

The Office of Student Conduct is responsible for on-campus student disciplinary proceedings. Newark Campus Public Safety and the Office of Student Life work collaboratively to resolve incidents of student misconduct that violate COTC policy and procedures.

Newark Campus Public Safety and/or The Ohio State University Police Division investigate incidents of a criminal nature. Assistance, if requested is provided from the Newark Police Department, Licking County Sheriff's Department, Ohio State Patrol, Ohio Bureau of Criminal Identification, and the Federal Bureau of Investigation. All Campuses maintain I think this should be "maintain" an open campus environment and encourage the community to participate in activities that are open to the public. However, the College reserves the rights to restrict unauthorized persons from its grounds when appropriate.

Fire prevention is led by the Department of Public Safety. Other partners include Student Life, Environmental Health & Safety, Facilities Planning & Operations as well as the Division of Fire, each respective COTC Campus, and the State of Ohio Fire Marshal's Office. Together, along with the support of students, faculty, and staff, we foster a culture of fire prevention and promote the safety and well-being of our campus community.

The Newark Campus Public Safety Office, housing Ohio State Police and Campus Security is located in the Warner Center; 1219 University Drive. Campus Security is available 24 hours a day, 365 days a year, to receive reports and investigate crimes reported to have occurred on the Newark Campus property by calling 740.366.9237. COTC Extended Campus security concerns should be reported to the Building Supervisor during normal business hours. Security and safety concerns on COTC Extended Campuses needing immediate notification can be made by calling the Newark Campus Public safety Office at 740.366.9237 24 hours a day.

BUILT ENVIRONMENT SECURITY

COTC implements numerous safety precautions on its Newark and extended campuses. Consistent lighting is found throughout the campus, and the college continues to implement additional lighting improvement projects and regularly considers public safety in maintaining its buildings and grounds. In addition, construction and renovation plans for college facilities are reviewed for principles associated with Crime Prevention through Environmental Design (CPTED). Access to campus buildings is restricted after normal business hours, and current BuckID identification must be shown to gain admittance to many facilities. Residence Halls on the Newark Campus are locked 24-hours a day and require college BuckID identification cards for access.

SECURITY PLANNING STRATEGIES

COTC recognizes that the built environment has an influence on criminal behavior and in promoting an atmosphere of security and safety for our students, faculty, staff, and visitors. For this reason, it is our desire to implement in the design of our buildings, open spaces, and campus as a whole, environmental elements that will have a positive impact on security. To further that effort, we focus on a number of safety and security considerations and security planning principles as we design and develop buildings and other areas of college campus. These include appropriate site selection and building placement as well as effective and appropriate use of signage, natural and man-made security barriers, architectural elements and landscape materials, access control methods, lighting, and security cameras. By incorporating these elements into the design of campus spaces, we aim to create a safe and open atmosphere that promotes living, learning, and working while at that same time effectively deterring criminal activity and other inappropriate uses of campus spaces.

CRIME PREVENTION AND SAFETY PROGRAMS AND EDUCATION

In addition, the college offers numerous crime prevention and safety programs to the college community. These programs are offered by various college organizations and are available throughout each academic year. Sponsors and their programs include:

Community Policing: The Newark Public Safety Department including the Ohio State Police Division utilizes a community policing philosophy with the goals of 1) establishing positive contacts with the campus community; 2) identifying real and/or perceived problems that exist in the campus community; and 3) developing programs which aid in the resolution of identified problems. Newark Public Safety and Ohio State Police use various modes of transportation to patrol the campus, including bicycles, cars, golf carts, ATVs as well as walking officers.

Sexual Assault Survivor's Rights: The Ohio State Police Division has developed and implemented a "Sexual Assault Survivor's Rights" program, which is designed to protect the rights of survivors of sexual assault and is a road map to empower and inform survivors of sexual assault. Copies of these materials are available at the Police Division.

Prospective and Current Student Crime Awareness and Prevention Programs: The COTC Admissions Office presents information to students and prospective students and their parents about college safety programs and general campus safety tips.

Other Crime Prevention and Safety Education Programs for Students and Employees: The Ohio State Police Division and Newark Public Safety provides crime prevention programming for employees and students in a variety of settings.

The Police Division provides Rape Aggression Defense (R.A.D.) courses to the campus community at no cost. This is a nationally recognized self-defense course that is taught by police officers from The Ohio State University Police Division on the Ohio State Columbus campus. COTC students are invited to attend this training although transportation to the Columbus campus must be provided by the student. These courses are offered periodically throughout the year.

Safety planning is conducted, when appropriate, for staff and students when they have been affected by someone in crisis or when they are the victim of a crime with ongoing concerns for safety. Officers work with the Office of Human Resources in support of workplace violence policies and also work with Student Life in the Consultation and Assessment Team to help address situations involving disruptive behavior.

PROGRAMS TO PREVENT DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING

The Central Ohio Technical College prohibits crimes of dating violence, domestic violence, sexual assault and stalking. The code of the State of Ohio does not define consent however, the following definitions apply to all members of the College community (faculty, staff, students, student employees, appointees, volunteers), vendors, and visitors under College Policy 1.1.26.

Consent - Permission that is clear, knowing, voluntary, and expressed prior to engaging in and during an act. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity.

- A. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity.
- B. Consent may be withdrawn at any time.

- C. Previous relationships or prior consent cannot imply consent to future sexual acts; this includes “blanket” consent (i.e., permission in advance for any/all actions at a later time or place).
- D. Consent cannot be given by an individual who one knows to be – or based on the circumstances should reasonably have known to be – substantially impaired (e.g., by alcohol or other drug use, unconsciousness etc.).
 - 1. Substantial impairment is a state when an individual cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand the “who, what, when, where, why, or how” of their sexual interaction).
 - 2. This policy also covers individuals whose impairment results from other physical or mental conditions including mental disability, sleep, involuntary physical restraint, or from the consumption of alcohol or other drugs.
 - 3. Being impaired by alcohol or other drugs will never function as a defense for any behavior that violates this policy.
- E. It is the obligation of the person initiating the sexual activity to obtain consent.
- F. Consent cannot be given by an individual who has been coerced, including being compelled by force, threat of force, or deception; who is unaware that the act is being committed; or who is coerced by a supervisory or disciplinary authority.
 - 4. Force. Violence, compulsion, or constraint; physically exerted by any means on or against a person.
 - 5. Coercion. The application of pressure by the respondent that unreasonably interferes with the complainant’s ability to exercise free will. Factors to be considered include, but are not limited to, the intensity and duration of the conduct.
- G. A person who does not want to consent to sex is not required to resist or verbally object.
- H. Withdrawal of consent can be manifested through conduct and need not to be a verbal withdrawal of consent (i.e. crying, pushing, pulling away, not actively participating, lying there, uncomfortable or upset facial expression)
- I. Consent may not be given by an individual who has not reached the legal age of consent under applicable law.

Dating Violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the complainant. The existence of such a relationship will be determined based on the reporting party’s statements and with consideration of the length and type of relationship, and the frequency of interaction of the persons involved in the relationship.

For purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

Dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence - Conduct that would meet the definition of a felony or misdemeanor crime of violence committed by the complainant’s current or former spouse or intimate partner, a person with whom the complainant shares a child, a person who is cohabitating or has cohabitated with the complainant as a spouse or intimate partner, or a person similarly situated to a spouse of the complainant under domestic or family violence laws of the jurisdiction receiving grant monies, or any other person against an adult or youth complainant who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

Relationship Violence – A broad term encompassing dating violence and domestic violence.

Sexual Assault – Any sexual act directed against another person, without the consent of the complainant including instances where the complainant is incapable of giving consent. Sexual assault is an umbrella term that includes non-consensual sexual contact, non-consensual sexual penetration, incest, and statutory rape.

Sexual Misconduct - A broad term that encompasses relationship violence, sexual assault, sexual exploitation, sexual harassment (Title IX and non-Title IX), and stalking.

Stalking - A course of conduct directed at a specific individual that would cause a reasonable person under similar circumstances and with similar identities to the complainant to fear for their own, or others’ safety, or to suffer substantial emotional distress. A course of conduct includes two or more acts, including but not limited to, those in which the alleged perpetrator directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or

about the complainant or interferes with the complainant's property.

For purposes of eligibility to obtain a protection order, the following Ohio Revised Code definitions are used:

ORC 2919.25: Domestic Violence. (A) No person shall knowingly cause or attempt to cause physical harm to a family or household member. (B) No person shall recklessly cause serious physical harm to a family or household member. (C) No person, by threat of force, shall knowingly cause a family or household member to believe that the offender will cause imminent physical harm to the family or household member. Sec. 3113.31. Domestic Violence. (1) "Domestic violence" means any of the following: (a) The occurrence of one or more of the following acts against a family or household member: (a)(i) Attempting to cause or recklessly causing bodily injury; (b)(ii) Placing another person by the threat of force in fear of imminent serious physical harm or committing a violation of section 2903.211 or 2911.211 of the Revised Code; (c)(iii) Committing any act with respect to a child that would result in the child being an abused child, as defined in section 2151.031 of the Revised Code; (d)(iv) Committing a sexually oriented offense. (b) The occurrence of one or more of the acts identified in divisions (A)(1)(a)(i) to (iv) of this section against a person with whom the respondent is or was in a dating relationship.

ORC 2903.211 Menacing by stalking. (A) (1) No person by engaging in a pattern of conduct shall knowingly cause another person to believe that the offender will cause physical harm to the other person or a family or household member of the other person or cause mental distress to the other person or a family or household member of the other person. In addition to any other basis for the other person's belief that the offender will cause physical harm to the other person or the other person's family or household member or mental distress to the other person or the other person's family or household member, the other person's belief or mental distress may be based on words or conduct of the offender that are directed at or identify a corporation, association, or other organization that employs the other person or to which the other person belongs. (2) No person, through the use of any form of written communication or any electronic method of remotely transferring information, including, but not limited to, any computer, computer network, computer program, r- computer system, or telecommunication device shall post a message or use any intentionally written or verbal graphic gesture with purpose to do either of the following: (a) Violate division (A)(1) of this section:(b) Urge or incite another to commit a violation of division (A)(1) of this section.

The Ohio Revised Code (ORC) does not have definitions for Sexual Assault or Dating Violence.

COTC is committed to educating the community, including all incoming students and new employees, on domestic violence, dating violence, sexual assault, and stalking, through a variety of primary prevention programs and ongoing awareness campaigns. Beginning in Fall 2015, the College started offering online training modules to all employees and students, to promote the awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. These modules include safe and positive options for bystander intervention, risk reduction information, procedures victims should follow to make a report, confidentiality information, on and off-campus resources, victim support options, disciplinary procedures, and possible sanctions and protective measures the institution may impose following a final determination of an institutional disciplinary procedure. In addition to these primary prevention educational modules, the College offers a variety of training to students and employees on issues of sexual and relationship violence.

TITLE IX COORDINATOR

Title IX is a federal law that prohibits discrimination and harassment based on sex or gender. This may include acts of sex or gender-based discrimination, sexual misconduct, sexual harassment, sexual violence, relationship violence, and stalking. The Title IX Coordinator is the designated college official with primary responsibility for coordinating the college's compliance with Title IX. This individual provides leadership for Title IX activities; offers consultation, education and training; and helps to ensure the college responds appropriately, effectively and equitably to Title IX issues.

Programming efforts at COTC in conjunction with The Ohio State University include U Got This! and events utilizing speakers and presenters on various awareness and prevention topics. These programs aim to help students do the following:

- Recognize different types of sexual violence.
- Understand that sexual violence is prohibited by both the college and by Ohio law.
- Debunk common rape myths.
- Look at how sexual violence is portrayed in the media and our culture.
- Explore social constructs and cultural norms that encourage sexual violence.
- Reveal facts about sexual violence and its relationship with alcohol and other drugs.
- Understand sexual consent, coercion, and COTC's definition of sexual misconduct.
- Build relationship skills and skills to communicate sexual consent.
- Understand and practice bystander intervention methods.
- Empathize with and support survivors of sexual violence.
- Know and be able to reference the campus and local sexual violence resources.
- Information about bystander risk reduction to decrease the likelihood of victimization and recognize warning signs of abusive behavior.

RISK REDUCTION STRATEGIES

- Look out for “sketchiness.” This can be someone pressuring you and friends to drink a lot, or who is overly enthusiastic about getting someone else drunk. Look out for someone talking about hooking up with the “most wasted person in the room.”
- Trust your instincts. If something doesn't feel quite right, it probably isn't.
- Be careful with mixed punches, jungle juice, or other communal beverages. Contents and alcohol volume are often a mystery. Fruit holds and concentrates alcohol or anything else in the mix.
- Be aware of your drink. Never leave your drink unattended, or even in the possession of a friend. Also be aware of who is making your drink and consider watching them make it.
- Be cautious of beverages that will mask the flavor or effects of alcohol, such as carbonated alcoholic beverages, alcohol mixed with energy drinks or sweet mixes.
- Know your limits and your friends' limits for drinking and other drug use.
- Use the buddy system:
 - Make a plan with your friends before you go out – talk about how long you want to stay out, what to do if a friend meets someone, etc. Have a plan!
 - Never leave a friend alone when they have had too much to drink.
 - Take your friend to a safe place. This means leaving the party, bar, house, or wherever.

STUDENT CONDUCT

The primary focus of COTC Student Life's Student Conduct department is to promote college community standards through the administration of COTC's Code of Student Conduct. The office also serves as an information source on student behavior, student discipline, disciplinary hearings and appeals.

The purpose of the college discipline system is to promote student development by addressing behaviors that are inconsistent with community standards and expectations, as defined by the Code of Student Conduct. The office conducts fair and impartial processes regarding alleged violations of the Code and, when appropriate, administers proactive and educational sanctions.

Student Conduct often coordinates its services with other campus offices in an effort to serve students to the fullest extent. Students are encouraged to communicate individual concerns they have, including alcohol or drug dependency, mental or emotional wellness, or potential legal issues to Student Conduct. When appropriate, referrals will be made to other college offices in an effort to best serve students. Whenever persons witness what appears to be criminal activity or violations of college rules under the Code, they are encouraged to report this to the Ohio State Police, as it is the police's role to be the primary campus investigative authority for such matters. Persons may contact Student Conduct, which may conduct an investigation or contact Ohio State Police for an investigation of the matter. When apprised of activities by recognized student organizations that allegedly are in violation of the Code of Student Conduct (including criminal activity), Student Conduct may initiate disciplinary proceedings against the student organization and/or its members.

The Office of Student Life strives to cultivate a campus community where students can achieve success and become responsible citizens. Their purpose is to support the College's mission by providing services and programming. Student Life encourages student learning in and out of the classroom, and developing a diverse community which is educationally purposeful, open, just, disciplined, and caring.

The COTC Office of Student Conduct can be found at 1219 University Dr. Warner Building Room 226. 740.364.9578

It is COTC's practice to solicit from local law enforcement agencies information on criminal activity involving students in off campus locations and programs. This information is made available to Student Life and other appropriate offices on campus.

Upon written request, the report on the results of any disciplinary proceeding conducted by the college against the student who is the alleged perpetrator (hereafter "respondent") of a crime of violence, or a sex offense will be disclosed to the alleged victim, as appropriate under applicable law. Student Conduct will provide both the respondent and the accuser with simultaneous written notification of any result of any disciplinary proceeding that arises from an allegation of dating violence, domestic violence, sexual assault, or stalking. If the alleged victim is deceased as a result of a crime of violence, Student Conduct will provide the results of the disciplinary hearing to the victim's next of kin if requested.

STUDENT LIFE AND UNIVERSITY HOUSING, NEWARK CAMPUS

Each year, this office offers safety and crime prevention policies and information through its web-based Residence Hall Handbook. In addition, each residence hall makes safety instruction programs regularly available to its residents in cooperation with other college programs. Programs and services include:

- Each residence hall is assigned a community policing liaison with Ohio State police. The police liaisons offer a variety of community outreach from walking rounds with staff, attending events, speaking with students about concerns and/or offering educational programming.
- Important messages related to security, elevator safety, and severe weather, are posted in public areas of the residence halls including, but not limited to elevators, lobbies and hallways.
- Residence hall staff post seasonal safety messages based on relevant concerns during the year such as protection of valuables during breaks, severe weather response, spring break safety and Student Safety escort service availability.
- Education programs within the halls may be offered to specific communities based on the needs of those communities or the demand of the student community.
- Resident advisors attend a mandatory "train the trainer" session providing them information about the "Top Ten Safety Considerations" that they are required to review with their student residents. At the same session the residence hall staff are trained on building-specific fire panel, severe weather safety, emergency notifications, evacuation and shelter-in-place procedures. Resident advisors are also given the opportunity to participate in fire extinguisher demonstrations.

The Newark Residence Halls are managed by The Ohio State University Housing and Residence Education Department. For further information, call **614.292.8266** or visit housing.osu.edu.

BIAS AND DISCRIMINATION

The Department of Public Safety, in partnership with the Office of Student Life or Human Resources receives, monitors, refers, and, as necessary, coordinates the College's responses to hate and bias-related incidents that impact all or a significant portion of the campuses. Incidents may involve bias or hate grounded in race, religion, sex, gender, gender identity, sexual orientation, ethnicity, national origin, age, or disability that occur within the College community.

For purposes of this report, hate crimes include specified crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived race, gender, religion, sexual orientation, national origin, ethnicity, or disability. Bias incidents fall within a broader definition and include acts or behavior motivated by the offender's bias against a race, gender, religion, sexual orientation, gender identity, ethnicity, or disability. While these acts do not necessarily rise to the level of a crime, a violation of state law, College policy, or the code of conduct; a bias act may contribute to creating an unsafe, negative, or unwelcome environment for the victim, anyone who shares the same social identity as the victim, and/or community members of the College. For more information

or to report an incident, please contact the Newark Public Safety Office, the Office of Student Life, or the Newark Campus Human Resources Department for assistance. For more information on how to report an incident visit or call the Office of Student Life at 1219 University Dr. Warner Building Room 226. 740.364.9578.

EMERGENCY NOTIFICATION, RESPONSE AND EVACUATION

EMERGENCY NOTIFICATION PROCEDURES

The Department of Public Safety assumes the role of issuing emergency notifications to the COTC campus community. As defined, an emergency notification is the process of immediately notifying the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus.

The institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system or systems, unless issuing a notification will, in the professional judgment of responsible authorities, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

Central Ohio Technical College in collaboration with The Ohio State University Department of Public Safety utilize the Ohio State Buckeye Alert Emergency Notification System. Emergency notifications may be authorized by the COTC President, Ohio State Newark Dean-Director, COTC/Ohio State Newark Public Safety Director, COTC/Ohio State Newark Facility Superintendent, Ohio State Director of Public Safety, Ohio State Chief of Police, Ohio State Deputy Chief of Police, COTC/Ohio State Newark Director of Marketing and Communications or the Ohio State Senior Vice President of Administration & Planning.

The process of issuing an emergency notification begins by confirming there is a significant emergency or dangerous situation. Public Safety personnel verify information about a potential significant emergency or dangerous situation. This occurs by collecting and assimilating information from firsthand accounts, from uniformed officers in the field, and through the use of security technologies such as alarm and surveillance systems. Alarm systems are monitored by the Department of Public Safety 24-hours a day, 7 days a week. In some locations, cameras can be reviewed in the event of an emergency.

In some circumstances, local, state, or federal agencies may notify the Department of Public Safety of a possible emergency and may provide information or guidance to be used in verifying whether a significant emergency or dangerous situation exists. COTC may contact or be contacted by external law enforcement agencies, emergency management agencies, public health agencies, or other agencies with expertise in the type of situation affecting the campus; these departments or agencies may provide assistance and guidance in confirming the presence of an emergency or dangerous situation. COTC departments that become aware that an emergency or dangerous situation may affect the campus will contact the Department of Public Safety to report the incident.

Upon learning that an emergency or dangerous situation may exist, Public Safety personnel will contact leadership within the Newark and or Ohio State Department of Public Safety to pass along specific information about the situation. Department of Public Safety leadership will confirm whether an emergency or dangerous situation involving an immediate threat to the health and/or welfare of students or employees is occurring on the campus and if an emergency is confirmed, will begin the process of issuing an emergency notification. As part of this process, Public Safety leadership will determine the event's significance and the populations it may impact.

The Department of Public Safety is responsible for determining the content of an emergency notification; the content of a notification is determined based on the circumstances and the manner in which the situation is impacting campus. The content of the notification message is designed to provide instruction to the college community that promotes the safety and well-being of those impacted. At times, messages may simply contain information about an area of campus to avoid. At other times, messages may have specific protective action recommendations or information about the nature of the incident itself. A message may be directed to the entire campus community or to specific areas or segments of the campus depending on the nature of the incident.

Upon determination of the notifications content, systems utilized to transmit emergency notifications are selected

and activated to deliver the desired content relating to the emergency onto the end user within the college community. These systems are described in the next section.

Delivery of an emergency notification may occur within minutes of the initial confirmation of a significant emergency or dangerous situation depending upon the time of day, the methods chosen to disseminate information, and the successful activation and performance of technologies used to issue notifications.

EMERGENCY NOTIFICATION SYSTEMS

To report an emergency or dangerous situation, call 9-1-1.

Once the Department of Public Safety is aware that an emergency situation may exist, response agencies such as Police, Fire, or Health Department can initiate a response and, if appropriate, Public Safety can begin the process of notifying the COTC campus community.

Before or while the Department of Public Safety leadership is being notified of a potential emergency or dangerous situation, the Communications Center personnel will notify first responders and will request their assistance at the scene. First responders called to a scene are typically the Newark Public Safety personnel to include the Ohio State Police Division and if appropriate Campus Security. On COTC Extended campuses, the local first responders of the area will respond. However, depending on the nature of the incident, other departments or other local, state, or federal agencies could be involved in responding to the incident. COTC will work in cooperation with these agencies to manage the incident.

General Information

Upon being notified about an emergency event, the Department of Public Safety will determine the appropriate emergency notification systems to be used to deliver the emergency notification message to the campus community. COTC may use any or all communication resources to disseminate information depending on the nature of the emergency and the surrounding circumstances.

Information pertaining to incidents and emergencies on campus will be disseminated to the larger public via media organizations through the Marketing and Public Relations Office or individuals involved in emergency response on campus as designated by the COTC President or COTC Public Safety Director.

Emergency notifications may be sent to the entire campus community when a situation has the potential to affect a large portion of the campus, or they may be sent to specific buildings or areas of the campus in circumstances where the impact of the situation may be limited. The Department of Public Safety will evaluate the information known about the situation and will determine the appropriate areas of campus to be notified. As the situation progresses, the Department of Public Safety will continue to assess the circumstances and may notify additional segments of the campus community if it is warranted.

Based on the circumstances involved in the emergency or dangerous situation, the Department of Public Safety will develop a notification designed to aid in protecting individuals from harm, in preventing an incident from escalating into a larger or more complex emergency, and in preserving and maintaining law enforcement and other public safety operations.

Buckeye Alert

Through the partnership with The Ohio State University, COTC uses Buckeye Alert for emergency notifications. Buckeye Alert is a multi-modal, all-hazards emergency notification system that includes all of the communications methods listed below. Based upon a variety of factors, Ohio State Public Safety officials along with Newark Campus Public Safety Department will determine which method, or combination of methods, should be utilized to communicate with the college community during an emergency.

Each event/emergency is unique. The message for each event/emergency will also need to be unique. Public Safety leadership will determine the final message prior to activation.

If there is a situation on campus that threatens the health and safety of our students, faculty, staff and visitors, Newark Campus Public Safety officials will warn our campus community using one or more of the following methods:

- cotc.edu webpage

- Text messages
- Email
- Fire Alarm/Speaker Systems where equipped
- Facebook
- Newspaper
- NOAA Weather Radio
- Radio
- Television
- Twitter
- Two-Way Radios
- Vehicle Public Address Speakers

Additional information or follow-up instructions may be also provided through any of these resources if the Newark Campus or Ohio State University Department of Public Safety determines that providing such information would be helpful to promote safety or to respond to the situation.

Please note that Timely Warnings, also called “Public Safety Notices,” are issued by the Public Safety Department. These alerts are distinct from Buckeye Alerts. Timely Warnings/Public Safety Notices provide information about crimes that have already occurred but still pose a serious or continuing threat. The Buckeye Alert emergency notification system will only be activated if the campus community is under an immediate threat from a significant emergency or a dangerous event and must take immediate action to remain safe and secure. Timely Warnings/Public Safety Notices will be issued to make the general public aware of a crime or series of crimes to help them be better informed and more vigilant of potential dangers on and near campus. For more information, please see the [Campus Emergency Alert System](#). COTC encourages the college community to pay close attention to both Public Safety Notices and Buckeye Alert text messaging alerts to remain informed of crime activity and emergencies on the affected campus.

Buckeye Alert Text Messaging Alerts: buckeyealert.osu.edu

Timely Warning/Public Safety Notices: dps.osu.edu/police/psn

Severe Weather

In the event the National Weather Service issues a Tornado Warning for Licking, Knox, or Coshocton Counties, the Buckeye Alert Text Messaging System will automatically be activated and send a text message to all registered users on the Newark campus and COTC Extended Campuses.

Text Messaging

Text Messaging is a simple, reliable way to quickly send and broadcast messages to as many students, faculty, and staff as possible. Text messaging is an emergency notification method that will send a text message alert to a registered user’s cell phone in the event of an emergency. Text message alerts are designed for all-hazards emergency notifications. COTC students, faculty and staff cell and email information is uploaded to Ohio State Emergency Management at the beginning of each semester,

Bulk Email Alerts

A mass email can be sent to everyone who has an email account on the cotc.edu system.

This email would be accessible to any account holder whether they are accessing it from on campus or remotely.

The Central Ohio Technical College Website

An emergency message can be posted on the front page of COTC’s website cotc.edu.

Social Networks

Social networking websites offer the opportunity to reach out to members of our community during an emergency in a manner that interfaces with the modern trends of communicating.

Newark Campus Marketing and Public Relations maintains social networking websites via X (Twitter) and Facebook to provide immediate emergency information. Links to these sites may be found by accessing the COTC’s main

webpage cotc.edu and clicking on the Facebook or X (Twitter) link provided on the front page.

Media Outlets: TV, Radio, Print

The Department of Public Safety in collaboration with Newark Campus Marketing and Public Relations, will provide advisories to the media through a formal media advisory, a news release, or in response to media inquiries.

Once the activation of mass communication system is initiated and the public becomes aware of a situation occurring at the college, the media often begins to inquire about the nature of the emergency.

COTC and Newark Campus Marketing and Public Relations will provide relevant information to the media to help ensure that the campus community and the public are informed about the emergency.

Emergency Response

Public Safety personnel have received training in Incident Command and critical incident response. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually the Newark Campus Public Safety-Security, the Ohio State Police, Newark Police Department and Newark Fire Department. They typically respond and work together to manage the incident. Depending on the nature of the incident, other departments and other local or federal agencies could also be involved in responding to the incident. On the COTC Extended Campuses Newark Public Safety will coordinate with local jurisdictions.

EMERGENCY EVACUATIONS

Campus Evacuation

To protect our campus population from the effects of emergencies, protective action recommendations or evacuation instructions may be issued by the Department of Public Safety and other emergency response authorities (e.g., Newark Fire Department). These instructions may order evacuations for individual buildings or regions of campus, or they could be campus wide.

In the rare event that an evacuation of the entire Newark Campus is ordered by public safety officials, it is important to follow evacuation instructions disseminated through the communication systems used to inform the campus of an emergency. Newark Campus Public Safety works with the Licking County Emergency Management, Newark Police & Fire and many other emergency response partners to prepare for a large-scale evacuation of the city and/or surrounding area. If an evacuation were required, Newark Campus Public Safety, in consultation with other local, state, and/or federal agencies would determine the most appropriate method and route for evacuating the area. It is likely that traffic routes may be altered, that some areas of campus may already be inaccessible, and that travel off-campus may require the use of public transportation or other arrangements. On the Extended COTC Campuses, a building evacuation will be coordinated with the Building Safety and Security Supervisor with local first responders.

It is important to remember that evacuations are issued only if the safety and well-being of the college community is at serious risk. COTC asks that you work together and assist each other during evacuations, and that you follow all instructions and guidance from college officials and first responders.

Building-specific evacuation procedures vary by building. We encourage all individuals on campus to familiarize themselves with evacuation procedures in the buildings they occupy. Specific evacuation information can be obtained from posted procedures, or by requesting a copy of the Building Emergency Action Plan from that building's Building Coordinator.

A copy of these procedures is sent to students, faculty and staff annually via email as part of our autumn quarter Buckeye Alert test.

If assistance is required to learn more about building-specific evacuation procedures, please contact Newark Campus Public Safety at 740.366.9237 for assistance.

SHELTER-IN-PLACE

Shelter-in-Place Procedures – If an incident occurs, it may be safer to stay indoors, because leaving the area may expose you to that danger. In these or other circumstances, you may be asked to shelter-in-place rather than evacuate a building or area. Shelter in place means finding a safe location indoors and staying there until you are given an “all clear” or told to evacuate. You may be asked to shelter in place because of an active threat; tornado, or chemical, radiological, or other hazard.

How You Will Know to Shelter-in-Place – A shelter-in-place notification may come from several sources, including the Newark Campus Public Safety, Student Life, other college employees, or other authorities utilizing the college's emergency communications tools.

How to Shelter-in-Place – No matter where you are, the basic steps of shelter-in-place will generally remain the same. If the need ever arises, follow these steps, unless instructed otherwise by local emergency personnel:

Severe Weather

1. Remain calm.
2. Seek shelter in a centrally located sturdy room on the lowest possible floor, away from windows and exterior doors.
3. Do not go outside or into open areas such as gymnasiums or other rooms where there are large open spans.
4. Do not open windows during a tornado in an attempt to equalize building pressure.
5. Stay away from windows, exterior doors, skylights, mirrors, and other objects that could cause injury if knocked over.

Chemical or Biological Agent

1. Remain calm.
2. Listen for and follow instructions provided by Public Safety.
3. Return to your room and close all windows and doors unless instructed differently by Public Safety.
4. Turn off air conditioning units if able to do so.
5. Be prepared to evacuate the area if instructed by Public Safety.

Active Shooter/Active Threat

Run

1. Always leave an active threat situation if you are able to do so.
2. Leave your belongings behind and keep your hands visible.
3. Notify 911 of the situation when it is safe to do so.

Hide

1. Proceed to the nearest interior room that can be locked or secured as best as possible.
2. Close and lock all the windows and doors and turn off all of the lights. Barricade the door if possible.
3. Remain quiet and silence your cell phone.
4. Make it as hard as possible for the assailant to find you, see you or get to you.

Fight

1. Fighting is a last resort to be used only when your life is in imminent danger.
2. Attempt to incapacitate the active shooter.
3. Find an object to use as a weapon such as a fire extinguisher or chair.

Testing and Exercises

Testing of the Buckeye Alert system occurs, at a minimum, biannually but may occur at more frequent intervals at the discretion of Ohio State's Emergency Management. These tests may be announced or unannounced. A log of all Buckeye Alert tests, including date, start time, end time and specific message is maintained by Ohio State

Emergency Management.

Residence Halls conduct fire drills three times per year under state law. Fire drills are documented by the Office of Student Life Risk and Emergency Management. Announced and planned emergency evacuations are performed each semester in the Newark Residence Halls.

The Newark Campus Public Safety Department maintains and implements the Building Emergency Action Plan (BEAP). The BEAP is a unit-specific plan that addresses procedures for building evacuations for incidents related to all hazards, including fire incidents.

NOTIFICATION OF MISSING STUDENTS

If a member of the COTC community has reason to believe that a COTC student who resides in on-campus housing has been missing for at least 24-hours, he or she should promptly contact Ohio State Student Life's University Housing and Residence Education Department at **614.292.8266** and the Newark Public Safety Department **740.366.9237**. (Ohio State Housing and Residence Education manages the residence halls in partnership with COTC on the Newark Campus).

Each COTC student who resides in on-campus Newark housing offered through The Ohio State University Housing and Residence Education Department has the option to identify an individual to be contacted within 24-hours after the student is determined to be missing in accordance with this policy.

Student contact information will be registered confidentially, will be accessible only to authorized university and college officials and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation.

Confidential contact information may be registered as part of the housing application process. Information may be amended or supplemented by contacting University Housing and Residence Education. For more information, please visit housing.osu.edu or contact University Housing at **614.292.8266**.

Ohio State will immediately notify The Ohio State University Police Division and/or other appropriate law enforcement agencies upon receipt of a missing student report. If The Ohio State University Police Division (or applicable law enforcement agency) makes an official determination that a student is missing, emergency contact procedures will be initiated within 24-hours in accordance with the student's designation. In addition, the following officials or their designees will be notified:

- Ohio State Vice President for Student Life (Columbus campus)
- COTC President
- COTC Dean of Students
- Ohio State Associate Vice President for Student Life (Columbus campus)
- Ohio State Director of Residence Life (Columbus campus)
- Ohio State Student Life Senior Management (Columbus campus)

If a missing student is under 18 years of age and is not emancipated, Ohio State Housing and Residence Education is required to notify his or her custodial parent or guardian within 24-hours after the student is determined to be missing, in addition to notifying any additional contact person designated by the student.

POLICIES FOR REPORTING CRIMES, PREPARING ANNUAL REPORTS, CONFIDENTIAL REPORTING

REPORTING A CRIME

All persons are strongly encouraged to report crime to the police in a prompt and accurate manner. This includes situations where the victim of the crime elects to report a crime or is unable to make such a report. Crimes occurring on campus should be reported to The Ohio State University Police by calling **740.366.9237** (non-emergency), and

crimes occurring off campus in Newark should be reported to the Newark Police 9-1-1 (emergency) or 740.670.7201 (non-emergency). Crimes occurring off campus in other communities should be reported to the local police agency. Calling 911 in Licking County will connect you with ALL Police and Fire jurisdictions. Crime reporting for the COTC Extended Campuses should be through the local 911 centers. (9-1-1 should be called for active-in progress crimes and responses. Non-emergency responses for each COTC Extended Campus are as follows: Coshocton Campus: Coshocton County Sheriff 740.622.2411, Knox Campus: Mt. Vernon Police 740.393.9559, Pataskala Campus: Pataskala Police 740.927.5701.)

Under Ohio law, persons who have knowledge of a felony are required to report the crime to the police (Ohio Revised Code § 2921.22). Failure to report a crime may itself be a crime.

The College strongly encourages all criminal activity to be reported to the Newark Public Safety, Ohio State Police, on the Newark Campus and /or the local police jurisdiction at a COTC Extended Campus. Information on criminal behavior may also be reported to the offices of Student Conduct, Human Resources, or to the Title IX Coordinator on the Newark Campus.

CONFIDENTIALITY

Ohio's public records law (Ohio Revised Code § 149.43) generally does not permit the college to promise confidentiality to those who report crimes to anyone except counselors at the Newark Campus Counseling and Consultation Service, or under certain circumstances, to a physician or a nurse at the hospital or other appropriate medical care setting. Some off-campus reports also may be legally confidential—e.g. reports to clergy or health care professionals. Reports that are confidential by law will not be reported to the College for inclusion in the annual crime statistics report.

The college understands that reporting a crime may involve disclosing sensitive information. Subject to Ohio public records law, the college will use and disseminate such information consistent with the need to conduct an appropriate investigation, to provide assistance and resources to crime victims, to perform other appropriate college functions, and as required by law. However, because of the requirements of public records laws, the College does not have a policy that permits confidential reporting of crimes for inclusion in the annual crime statistics report. The college will not include personally identifying information about crime victims or other necessary parties in this report or other Clery Act disclosures.

Note that the use and release of personally identifiable information from an education record of a student is governed by the Family Educational Rights and Privacy Act (FERPA), and the college will disclose covered student information in compliance with that law and the college Privacy and Release of Student Education Records policy.;

Ohio Revised Code § 2921.22 requires that any person who knows that a felony has been or is being committed must report this information to law enforcement authorities. For that reason, college officials who become aware of a crime may, under some circumstances, be required by law to report the crime to law enforcement.

MEDICAL CARE AND EVIDENCE COLLECTION

If an individual is uncertain about whether or not they want to report what has occurred, they can still get evidence collected. In cases of sexual assault or severe injuries, the police will be called by the hospital. The survivor can decide if they want to speak with the police at that time to officially report what has happened.

While evidence may be collected anonymously (i.e., without the survivor's name attached to it) and/or when there is no report made to police, these cases are handled differently. A discussion about the merit of collecting evidence "anonymously" and in instances where the survivor does not want to report, should be discussed with medical personnel and/or an advocate.

At [Licking Memorial Hospital's](#) emergency departments, the evidence collection exam may be performed by a doctor, a nurse or a specially trained nurse: a Sexual Assault Nurse Examiner (SANE). In cases of sexual assault, within the first 96 hours of an assault is the best time for evidence to be collected. Under certain circumstances, it may be collected after this time frame. It is not necessary for evidence to be collected for a case to be reported. It is easier to investigate and prosecute cases that have physical evidence, but it is not impossible to go forward without it.

If an individual wants to have evidence collected, it is best not to bathe and to take the clothes that they were

wearing at the time of the assault to the hospital with them. It is also recommended to avoid eating, drinking, and going to the bathroom. However, a lot of people do all of these things before going to the hospital and evidence can still be collected.

The sexual assault evidence collection exam is paid for by a fund within the Ohio Attorney General's office. However, other medical care may be needed, and in that instance, insurance will be billed, or an individual can arrange to "self-pay". Assistance with additional medical bills may be provided through accessing Victims of Crime Compensation and/or through the Sexual Violence Assistance Fund. More information about Victims of Crime Compensation can be found at

ohioattorneygeneral.gov/Individuals-and-Families/Victims/Apply-for-Victims-Compensation

Follow-up medical care can happen at an individual's doctor or another medical facility.

PREPARING ANNUAL REPORTS

The college prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. Crime statistics reported to designated campus officials, including but not limited to, officials in those departments listed below, and the local law enforcement agencies included in this report

THE COTC NEWARK CAMPUS, AND EXTENDED CAMPUSES

- The Ohio State University Police
- Newark Police Department
- Coshocton County Sheriff's Office
- Mt. Vernon Police Department
- Pataskala Police Department
- Police agencies having jurisdiction where College Credit Plus Programs take place.
- Office of Student Life
 - Dean of Students
 - Student Conduct
 - Newark Campus Residence Halls
 - Title IX Coordinator

COTC's Annual Campus Security Act Report is the result of the efforts of many people on campus. Each year the offices and individuals listed above as well as other campus offices and local law enforcement agencies provide information for inclusion in the annual report. No formal police report is required for a crime to be included in the statistics. Every effort is taken to ensure that all persons required to report do so, and that statistics are as accurate and complete as possible. Information included in the annual report is reviewed for accuracy, completeness and readability.

If you have any questions or concerns regarding any of the statistics and information in this report, please contact the Department of Public Safety at **740.366.9237**.

COTC will not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising the rights or responsibilities provided by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

REPORTING SEXUAL ASSAULT, RELATIONSHIP VIOLENCE, HARRASSMENT AND STALKING

Survivors of sexual assault, domestic violence, dating violence, and stalking are strongly encouraged to report the offense to the police. To report an offense to the Ohio State Newark Police Division (non-emergency), please call **740.366.9237**. Non-emergency contact information for other local police agencies include: Newark Police Department, **740.366.7201** Non-emergency responses for each COTC extended campus are as follows: Coshocton campus: Coshocton County Sheriff 740.622.2411, Knox campus: Mt. Vernon Police 740.393.9559, Pataskala campus: Pataskala Police 740.927.5701.

In an emergency, please dial 9-1-1.

Reporting an offense to the Ohio State Police or other law enforcement or campus security authorities does not necessarily require filing criminal charges, but it does allow all support systems to be put in place for the survivor. Filing a police report will provide the opportunity for collection of evidence helpful in prosecution and will allow the survivor to be connected with the appropriate support and medical resources. Reporting is best done as soon as possible after the offense, but it may be done at any time.

Reports may also be made to the following campus offices:

Holly Mason, Associate Dean of Students, Title IX Coordinator, Contact for students, faculty and staff
Warner Center Room 226, 740.366.9219 mason.536@mail.cotc.edu.

The college will assist students who report sexual assault in obtaining medical support and information regarding available legal and judicial resources as well as counseling and support services. The College will also assist survivors in notifying the Office of Public Safety or other local police if the survivor requests the assistance of law enforcement. The survivor may also choose to decline to notify law enforcement.

As discussed more fully above in the section titled, "Confidentiality," the college does not have a policy that generally permits confidential reporting of crimes. However, in reporting a crime, a survivor may disclose sensitive information, and the college will, subject to Ohio public records law, use and disseminate such information consistent with the need to conduct an appropriate investigation, to provide assistance and resources to the survivor, and to perform other appropriate college functions. The use and release of personally identifiable information from an education record of a student is governed by the Family Educational Rights and Privacy Act (FERPA), and the college will disclose covered student information in compliance with that law and the college Privacy and Release of Student Education Records policy.

SUPPORTIVE AND PROTECTIVE MEASURES

The College will provide student and employee survivors with written notification of the survivor's rights and about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for survivors both on-campus and in the community, whether the offense occurred on or off campus. Supportive and protective measures issued by the college might include residence hall room changes, course changes, or "No Contact" directives. Interim suspension of a student may be available when the college has reasonable cause to believe that the student's presence on college premises or at a college-related or registered student organization activity poses a significant risk of substantial harm to the safety or security of themselves, others, or to property. Similarly, employees may be placed on administrative leave with pay when the Office of Human Resources determines that the health or safety of any staff member or of any person or property entrusted to the staff member's care could be adversely affected or during an administrative investigation. Student Conduct and Human Resources investigators collaborate closely with other college departments, including Ohio State Housing and Residence Education, Newark Counseling & Consultation Service, and Newark Public Safety, to connect students and employees to the appropriate sources of other remedies or protective measures. Interim measures taken during an investigation of a complaint of sexual misconduct should minimize the burden on the complainant. Sexual Violence Support Coordinators, SARNCO, and Ohio State Police may also assist individuals in obtaining orders of protection through the appropriate criminal or civil court.

The college will also provide written notification about options for, available assistance in, and how to request changes in academic, living, transportation, and working situations as well as supportive and protective measures if so, requested by the survivor and if such accommodations are reasonably available, regardless of whether the survivor chooses to report the crime to Ohio State Police or local law enforcement. If requested by the survivor, and if reasonably available, the college will assist the survivor in changing his/her academic or living situation after the alleged assault. Upon request, the Title IX coordinator can assist the survivor with exploring options to address these concerns. Options may include, but are not limited to, academic/financial aid guidance and discussion of options, assistance in withdrawing from classes or adjusting academic schedule, transitioning the survivor into another residence facility, or emergency housing. The college will not disclose accommodations or supportive and protective measures provided to a survivor unless doing so would impair the ability to provide the accommodations or protective measures.

For survivors who choose to notify the police, it is important to know the immediacy of reporting the incident and the importance of preserving physical evidence that may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order at the crime scene as well as on the survivor. In cases of sexual

assault, within the first 96 hours of an assault is the best time for evidence to be collected. Under certain circumstances, it may be collected after this time frame. If possible, a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal examination. The gathering of physical evidence can provide important evidence and support of criminal charges leading to a successful prosecution; however, cases may be also reported without physical evidence.

Students or employees who are reporting an immediate assault should be accompanied to a health care facility of their choice to allow for collection of evidence and treatment. If a sexual assault survivor chooses to report the incident days, weeks, or even months after the assault, important support systems are still available and can be arranged; however, criminal investigations become much more difficult.

COTC DISCIPLINARY PROCEDURES REGARDING CASES OF ALLEGED DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, OR STALKING

FILING A COMPLAINT

Allegations that a COTC student, faculty or staff member has committed a sexual assault or engaged in dating violence, domestic violence, or stalking should be reported to Holly Mason, Associate Dean of Students and Title IX Coordinator, Warner Center Room 226, 740.366.9219, mason.536@mail.cotc.edu.

The following procedures apply only to cases of dating violence, domestic violence, sexual assault, and stalking as defined in the college's Sexual Misconduct Policy. Further information may be found at <https://www.cotc.edu/post/title-ix>

INVESTIGATION

In cases involving allegations of discrimination, harassment and sexual misconduct, the college will provide a prompt, fair, and impartial process from the initial investigation to the final result, and will treat the complainant with respect before, during, and after the investigation. Upon receipt of a report, the Title IX Coordinator will evaluate the report and share information about the formal complaint process, which may include a discussion with the complainant and consideration of a complainant's request not to proceed with the investigation and adjudication. Upon receipt of a formal complaint, the college will provide written notice to the parties who are known. The investigator will interview the complainant, the respondent and any pertinent witnesses. The investigator will review police or other reports and collect relevant, available evidence. The entire process will be consistent with the college's published policies and will be transparent to the complainant and the respondent. The investigator will provide both parties with timely notice of meetings at which they may be present and both parties will be provided with equal access to case materials.

A typical investigation into reported acts of alleged discrimination, harassment and sexual misconduct, will follow the timeline as outlined in the policy. This will vary depending on the complexity of the investigation and the severity and extent of the alleged discrimination, harassment, and sexual misconduct. Parties will be updated on the status of the investigation. When in an individual case the following timeframes cannot be met for legitimate reasons, the parties will be informed when and why they will not be met.

Approximate timeframes refers to the entire investigation process, which includes and is not limited to:

- a. Conducting the investigation, which includes interviewing parties and witnesses and reviewing documentation (90 business days). This period includes but is not limited to:
 - a. Providing parties an equal opportunity to inspect and review any evidence, as outlined in the policy (10 business days)
 - b. Providing parties the opportunity to submit a written response to the investigative report (10 business days);
- b. Scheduling and conducting hearing (if applicable) and written determination issuance or preparation and finalization of investigative report (45 business days)
- c. Appeals (30 business days).
- d. Determining what actions the college will take to eliminate the hostile environment, prevent its recurrence, and remedy its discriminatory effects, including imposing sanctions against the accused and providing remedies for the complainant and college community, as appropriate, and issuing written notice of the finding of the investigation (10 days).

Other factors may affect one or more parts of that timeframe, including and not limited to, the complexity, severity, and extent of the alleged sexual misconduct, discrimination, or harassment. The process may be extended as

determined by the Title IX Coordinator if necessary due to illness, holidays, unavailability of parties or witnesses, complexity of the case, concurrent law enforcement activity, the need for language assistance or accommodation of disabilities or competing demands on investigators or decision makers.

RESOLUTION IN STUDENT CONDUCT INVESTIGATIONS

The investigator will decide whether to issue charges for violations of the Code of Student Conduct related to discrimination, harassment or sexual misconduct. Charges will be issued if there is reasonable cause to believe that the student may have violated the Code of Student Conduct. The fact that charges have been issued does not mean that the student has been found in violation. If charges are issued, the hearing officer will notify both the respondent and the complainant. The respondent can accept responsibility and request an Administrative Decision or deny responsibility and request an Administrative Hearing before a College Hearing Officer. When a student accepts responsibility and requests an administrative decision, the hearing officer will consider appropriate sanctions for the violation. In so doing, the hearing officer will consider all of the material brought forth in the investigation, including statements from the complainant on the impact the violation has had on their life and educational experience.

Hearings

A student charged with violating the Code of Student Conduct can decide not to accept responsibility and elect a hearing to resolve the charge. The Code provides information pertaining to an Administrative Hearing which is less formal than a hearing in a court of law. The legal rules of evidence do not apply, and the standard of proof is the preponderance of the evidence standard. In an Administrative Hearing, the case is heard by a hearing officer designated by the Office of Student Life.

In cases involving allegations of discrimination, harassment and sexual misconduct, both complainants and respondents participate equally in the hearing process and may have an advisor of their choice present. Should one party desire it, the complainant and respondent shall be in separate rooms connected by video and audio during the hearing.

Appeals

Once a result is determined by the hearing officer, the hearing officer promptly communicates simultaneously, in writing, to both parties the outcome of the disciplinary hearing, the institution's appeal procedures and other information as outlined in the Sexual Misconduct policy. Both parties may appeal the outcome. Appeals are heard by the appellate officer, COTC's Chief of Staff. When the appellate officer issues a decision on an appeal, notice is promptly provided to both parties.

Disclosure of Results of Disciplinary Proceedings

Upon request, the College will disclose the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of *any* crime of violence or a non-forcible sex offense (i.e. statutory rape, incest) to the alleged victim or next of kin, if the victim is deceased.

RESOLUTION IN COLLEGE HUMAN RESOURCES INVESTIGATIONS

In cases of misconduct by an employee, the investigator will prepare a written case report that typically provides a summary of facts, analysis, findings, and recommended corrective actions. This report is shared, in writing, with the complainant and accused at the conclusion of the investigation. Corrective actions may be taken pursuant to the Corrective Action and Involuntary Termination policy, Student Employment policy, and/or the Rules of the College Faculty Agreement between COTC and the United faculty/COTC, AFT/OFT. Potential corrective actions include coaching, training, development plans, reduction in supervisory duties and leadership responsibilities, changes in salary, termination, and other appropriate remedial measures. In the event a record of such corrective action will become a part of the accused's personnel records, prior notice will be given. Corrective action may also be taken against any individual with a duty to report under this policy who fails to report an incident of sexual misconduct in a manner consistent with the provisions of this policy. In cases involving employees subject to collective bargaining agreements or the faculty process, parties will retain all rights afforded under applicable laws such as Title IX.

TRAINING & CONFLICT OF INTEREST

All employees and staff involved in an investigation or hearing are trained annually on issues related to discrimination, harassment and sexual misconduct, and proper hearing procedure that protects victim safety and promotes accountability. An investigating officer, administrative hearing officer, or appellate officer will remove

themselves from any proceeding in which a conflict of interest or bias exists against either the complainant or the respondent.

CRIMINAL AND CIVIL OPTIONS IN ADDITION TO COLLEGE PROCEDURES

TIMELY WARNING POLICY

Timely Warnings, called “Public Safety Notices”, are provided to heighten safety awareness by giving students, faculty and staff notification of crimes that occur only on campus property, non-campus property, or on public property immediately adjacent to and accessible from campus and are considered by Office of Public Safety to present a serious or continuing threat to students and employees.

Hate Crime Alerts are a subset of Public Safety Notices. A Hate Crime Alert will be issued when a hate or bias-related incident that presents a serious or continuing threat to students and employees occurs on campus property, non-campus property, or on public property immediately adjacent to and accessible from campus. Hate Crime Alerts may also be issued when the Ohio State Police Division determines issuance is appropriate to heighten safety awareness after a hate or bias-related incident or series of incident occurs.

Ohio State University Police are responsible for preparing a Public Safety Notice when a crime is reported to or brought to the attention of The Ohio State University Police Division and that crime represents a continuing threat to the safety of students and employees. Information for alerts may also come from other law enforcement agencies or other offices. While every attempt will be made to distribute the alert as soon as possible after an incident or series of incidents is reported, the release will occur after a determination is made that the crime(s) represents a continuing threat to students and employees and is subject to the availability of accurate facts concerning the incident(s).

Information about criminal incidents is reviewed on a case-by-case basis to determine whether those incidents represent a serious or continuing threat to students and employees. Incidents will be reviewed based on the nature of the crime, the facts of the case and the information known to the Ohio State Police Division.

Criminal suspects are often unknown to the victims. However, in the instance of a violent crime occurring between two individuals who know each other, Ohio State Police will look at each instance to determine if the suspect poses a continued threat to the campus community and issue a warning when necessary.

Public Safety Notices also seek information that may lead to arrest and conviction of the offender when violent crimes against persons or major crimes against property have been reported to the police and may contain crime prevention tips and safety information.

The Ohio State Police Division makes every effort to properly classify a criminal incident when issuing a Public Safety Notice. However, upon further analysis and investigation, it may be determined that incidents for which Public Safety Notices are issued do not fall within the definitions of reportable crimes included in this report, and therefore, some incidents for which Public Safety Notices are issued may not be included in the crime statistics provided by this report.

TIMELY WARNING PROCEDURE

The Ohio State University Police Division will prepare a Public Safety Notice when a report is received of a violent crime against a person or a particularly threatening crime against property that represents a continuing threat to the safety of students, faculty and staff. Notices may be issued for such crimes that occur within the Clery reporting geography - on campus property, non-campus property, or on public property immediately adjacent to an accessible from campus. Public Safety Notices are sequentially numbered, beginning January 1 of each year, and provide details of the crime, a description of the suspect if known, information on whom to contact about the investigation, and often, crime prevention tips. Public Safety Notices do not include the names of crime victims.

Information that may be included in Public Safety Notices:

- A succinct statement of the incident.
- Possible connection to previous incidents, if applicable.
- Physical description of the suspect, if available.
- Photo or composite drawing of the suspect, if available.
- Date and time the bulletin was released.

- Other relevant and important information about the crime(s).
- Actions taken by Public Safety officials in response to the crime(s).
- Information on crime prevention, personal safety or other community safety resources.

The Ohio State Police Division may not include some known information in a Public Safety Notice if providing that information could risk compromising law enforcement efforts. Additionally, Public Safety Notices may be updated if new or more accurate information becomes available to the Ohio State Police Division.

Public Safety Notices are distributed by emails sent to all cotc.edu email addresses, which are accessible and available to all students, faculty, and staff. These emails are drafted by Ohio State University's Police Division and are distributed by the Newark Campus Department of Public Safety in collaboration with the Ohio State University Department of Public Safety. In some circumstances, the Newark Public Safety may distribute fliers to appropriate departments to be posted in affected areas of campus. While several local media outlets receive Public Safety Notices through the subscription service discussed below, the Ohio State Police Division may also contact the media directly to distribute information about criminal incidents in some situations.

Public Safety Notices may also be viewed at dps.osu.edu/police/psn. In addition to the emails sent to all students, staff, the Ohio State Police Division offers a free service that sends an email update to any email address when a Public Safety Notice is issued. Please visit dps.osu.edu/police/psn to subscribe to this service.

Please note that Public Safety Notices are a separate and distinct process from the emergency notification text messaging alerts provided by the Buckeye Alert System.
