## LPN to Associate Degree Nursing

The Department of Nursing at Central Ohio Technical College offers a three semester advanced standing option for Licensed Practical Nurses. The curriculum provides a balance of general education and nursing courses. Carefully planned clinical laboratory experiences are an integral part of all nursing courses and encompass caring for all age groups in medical and surgical areas. Affiliated health care facilities in Central and East Central Ohio are utilized to provide clinical experiences for students. Graduates are awarded an associates of applied science in nursing and are eligible to apply to take the licensing exam (NCLEX-RN) to become registered nurses. Recipients of the degree are prepared to function in beginning staff-level registered nurse positions in a variety of healthcare facilities as members of a health care team.

### Learning Outcomes

At the completion of the plan of study the student will be able to:

- Collaborate with health care team members to provide safe, competent care to meet the patient's biopsychosocial, spiritual, and cultural needs in a variety of health care settings.
- Utilize technology and a spirit of inquiry to examine resources to develop nursing judgment and guide evidence-based practice.
- Manage patient-centered nursing care and promote the health of patients within the family and community context.
- Demonstrate professional behavior and integrity within an ethical and legal framework.
- Demonstrate knowledge, skills, and attitudes as a nurse generalist with the

ability to assess and prioritize patient needs and services.

- Utilize quality improvement to continually enhance patient care and promote positive patient outcomes.

### Important Student Characteristics

- Accountability, integrity
- Ability to successfully manage math and science courses
- Good written and verbal communication skills
- Computer literacy

### Admission Selection/ Requirements

Spaces available in the LPN to Associate Degree Nursing program are limited and selections are made on a competitive basis each term. Minimum requirements for consideration include:

- Submit the Application for Admission Form online.
- Complete COTC placement assessments or proof of waiver eligibility. If applicant places into pre-college coursework, those courses must be completed earning a grade of "C" or higher prior to the nursing application deadline. Pre-college courses based upon placement assessments include the corequisite option for English and Statistics.

## Career Opportunities

Nursing is a dynamic profession, one with multiple opportunities in a variety of health care settings. The registered nurse may choose to work in long-term care facilities, industrial settings, medical offices, private homes, as well as in specialized hospital areas including surgical units, emergency departments, pediatrics, obstetrics, intensive care units or medical units. Regardless of the area, RNs plan and implement nursing actions to assist the "whole" person to regain and maintain health.

## Transferability Statement for Nursing Plans of Study

COTC endorses academic progression options for all nurses. In today's health care environment, all nurses must be engaged in

lifelong learning to maintain clinical competencies and meet the demands of a reformed health care system. The diversity offered by multiple points of entry into the nursing profession and the variety of available progression options provide an environment for enrichment and professional growth. The pre-licensure nursing programs at COTC prepare graduates to pursue academic progression at undergraduate and graduate programs with which the college has dual enrollment and articulation agreements.
