LeanOhio Bootcamp

What is LeanOhio BootCamp?

It is a five-day, standardized, public-sector-focused training designed to help public entities operate simpler, faster, better and less costly; to cut red tape and to better meet customer needs. There are two BootCamp options available through the Workforce Development Innovation Center (WDIC) this year.

Who should attend LeanOhio BootCamp?

The training is open to anyone who works in the public sector (e.g. government agencies, political subdivisions & subsidiaries, hospitals, emergency services, education), and it is most effective for decision-makers and leaders in the organization.

Is LeanOhio BootCamp similar to training in the manufacturing industry?

It includes but is not limited to Lean, Six Sigma, & Kaizen. To elaborate, Lean is primarily about speed; identifying & removing waste in processes. Six Sigma is primarily about removing variation in processes.

What is the price to attend LeanOhio BootCamp?

No out of pocket costs for government agencies. Thanks to a grant from Lean Ohio, participants will receive a scholarship voucher to attend the BootCamp, which was developed to offer local political subdivisions training and support to learn and apply Lean strategies to innovate, provide better service and save money.

Register today!

Registration deadlines: Option 1–March 31; Option 2–April 29
