Dual Admission
- Dual admission allows students to be enrolled both at COTC and another college or university at the same time. This allows students to take advantage of programs and services such as library privileges, advising, and academic support at both institutions, while seamlessly earning both an associate degree and a bachelor’s degree.

College Credit Plus
- This program establishes clear pathways for middle and high school students to earn college credit. There are three ways in which to participate in College Credit Plus.

  Option A: Students take college courses taught by middle or high school faculty at the middle or high school.

  Option B: Students take college courses taught by COTC faculty at the middle or high school.

  Option C: Students take college courses at any of COTC’s four campuses or online.

College Tech Prep
- COTC is a member of the Central Region Tech Prep program. Tech Prep students at COTC earn college credits and prepare for successful careers while enrolled in high school. College Tech Prep programs are offered to high school juniors and seniors.

Concurrent Enrollment Options
- This program allows students in grades 7–12 to enroll in college courses at a reduced cost.

***Enrollment and academic statistics are current as of Autumn semester 2016. **Including all degree options and majors.
COTC has established partnerships with many public and independent four-year institutions, including dual admission programs, to facilitate the transition to bachelor’s degree programs.
