BEFORE THE EVENT

Attend the event with a clear goal: What do you want to gain from the event? Do you need to clarify application procedures? Are you looking to discover possible career paths? Do you need to expand your network of contacts? Do you want to distribute your resume in person to maximize your professional impact?

Review the list of organizations that are going to be at the event and identify those that fit with your professional goals. Research the organizations to formulate thoughtful questions. “What are you hiring for, what do you pay?” are not questions recruiters want to hear. You should have an idea what the organization does and from what educational fields they may hire.

Consider the following:
- What products/services are provided by the organization?
- What qualifications do they look for in entry-level hires?
- Which of their positions match your interests?
- What is their predicted growth? Expansion plans?
- Where are the geographic locations for employment (branches, subsidiaries)?
- What media coverage have they recently received?

Prepare & Perfect your resume. If you are planning on providing your resume to employers, make sure to make an appointment with the Office of Career Development. The Office can give you advice to increase the strength and effectiveness of your resume.

Prepare folder or packet with the following items: copies of your resume (one for each organization you plan on speaking with, plus 2 extras), reference list (one for each organization you plan on speaking with, plus 2 extras), paper, and 2 pens for taking notes.

Create a personal brand – the one minute commercial or “elevator speech.” You want every contact to have a clear idea of who you are, what you offer, and what you are seeking. When building your one-minute commercial, keep it simple.

Start with a single sentence describing who you are. For example: “Hello, I am currently a student at Central Ohio Technical College/Ohio State Newark, working toward a degree in _____.” I chose this field because _____. What appeals to me about your organization is _____. I am interested in _____. As you can see in my resume I offer…” then add your best selling points.

Focus on the knowledge, skills and abilities you possess that are associated with your field of study or the position:
- What have you accomplished?
- What value do you provide?
- What makes you unique?
- Explain why you are a good fit for the organization

Appropriate Questions to Ask Employers:
- What are you looking for in a candidate?
- What knowledge or skills should a prospective employee possess for your organization or this role?
- What advice do you have for a student entering this field?
- What are common career paths within your company?

Dress appropriately – see reverse page.

If need be, make sure you have child care for the date and time of the Career Fair. It is not appropriate to bring children to the event.

Before entering the fair, be sure to go over your “game-plan.” Visit all of the organizations you have on your list first, and then visit with others that may interest you. TURN OFF YOUR PHONE.

For questions or help please contact the Office of Career Development at 740.366.9453, dthatche@cotc.edu, or thatcher.42@osu.edu.

Information provided in this handout was compiled from The Ohio State University College of Art & Sciences Career Services and other Career Service resources.
HOW TO USE THE CAREER FAIR TO YOUR BEST ADVANTAGE

DURING THE EVENT

Go alone to the various employers. Do not go from table to table with a group of your peers. You will want the opportunity to speak with employers individually, and you do not want to leave the impression that you cannot do that on your own.

Move about the event confidently with good posture. Make direct eye contact, shake hands firmly, and introduce yourself. Show enthusiasm and interest by smiling and speaking clearly. By doing your homework and figuring out what the organizations have to offer, you can speak intelligently about their specific line of work.

At the conclusion of a conversation, ask the representative what is the best way to follow up. Use email when time is absolutely of essence, but try to send a written thank you letter. Ask for business card. This way you will not have to write down important contact information.

Before you leave the fair, make sure you have visited all of the organizations you set out to meet.

PROFESSIONAL DRESS

It is important that you make a professional first impression on the employers. It is safer to dress more conservatively than you might normally dress in the work environment. Being “over-dressed” is always better than being too casual.

Standard colors of interview attire include
navy, dark grey or black.

PREFERRED

ACCEPTABLE

Medical scrubs are acceptable, but not preferred.

Attire should be clean and pressed.
Candidates should be neatly groomed.

Represent yourself and your campus well.

AFTER THE EVENT

Make sure to follow up. Send a thank you note either by e-mail or traditional mail to the representatives that you spoke. This is also another opportunity to send them your resume. You may also want to inquire about when you should contact them again about the position.

Complete any online applications. A quick turn around on required information will demonstrate your interest and level of commitment to working with them.

For questions or help please contact the Office of Career Development at 740.366.9453, dthatche@cotc.edu, or thatcher.42@osu.edu.
