

Emergency Medical Services Technology -

Emergency Medical Technician

Datatel Program Code	EMSBS.CER
COTC Major Number	005023
CIP Code	51.0904

Central Ohio Technical College offers an Emergency Medical Technician course for those persons interested in seeking initial EMS certification. The course is EMS-120 (7.00 semester credit hours).

EMS-120 Emergency Medical Technician

7 credit hours, 9 contact hours (6 hours lecture and 3 hours lab)

Prerequisite: CPR Certification (Recommended), C grade (2.00) or better in GENR-096, GENR-098, and MATH-060 (or appropriate score on COMPASS placement); Background Check passage, necessary immunizations and health physical on file with the EMS Program Director, and drug test passage.

This Emergency Medical Services course covers all aspects of emergency medical care in the field including equipment, controlling the situation, anatomy and physiology, medical and trauma emergencies, and airway management. This course at its successful completion allows the student to take the national registry exam to become certified at the EMT Level. This course provides a first phase of training in the career structure of the Emergency Medical Technician (EMT). The course covers all the knowledge and skills required for the national certification examination. Course includes 15 clock hours of clinical experience. Course is graded on an A-F basis. A student must pass the class with a B- grade (3.00) or better and a minimum 70 percent on the final exam in order to graduate and be eligible to sit for the NREMT exam.

EMS-120 Emergency Medical Technician replaces EMS-4332 EMS- Basic in the Quarter system.

EMS-120 meets Ohio CTransfer (C-Tag) Assurance Guide standards for course CTEMTB002

Further information regarding the above requirements may be obtained from the Academic Program Office, located in Room 63 of Hopewell Hall, or by calling 740-366-9287.
