Central Ohio Technical College Aggregate, College-Wide Student Demographics Report Summer Semester 2017*

The summer semester numbers are complicated by a change in how College Credit Plus Option A (CCP-A) students are counted. This option is defined as high school students taking a COTC course in their high school from their high school instructor. In the past, these students were counted in the summer semester, but, for 17SP, were counted in spring semester. Therefore, this student sub-group is not included in the institution's population, making comparisons to last year inconsistent. Please contact COTC Institutional Research and Effectiveness at cotcire@cotc.edu for more information.

^{*}Data extracted from official COTC census reports

¹As reported by student

²Based on student-reported birth date

³Based on students' total registered credits, and not just those being taken at any specific campus

⁴Currently active academic program IDs of students taking courses at a given location

⁵First-Year: < 31.00 total completed credits incl. transfer; Second-Year: ≥ 31.00 total completed credits incl. transfer

⁶Percentages based on total enrollments and not unduplicated headcount
