## **COMMITTEE REPORTS**

### **OSUN BOARD REPORT – Chris Meyer**

#### **Diversity, Equity and Inclusion Officer**

The Ohio State University at Newark and Central Ohio Technical College (COTC) will be conducting a national search for the campus’s and college’s first diversity, equity and inclusion officer, a position that will strengthen our efforts to advance toward greater diversity, equity and inclusion. The new position will be shared by the two institutions and will report directly to the COTC president and the Ohio State Newark dean and director.

The search committee will be chaired by Jackie Parrill, COTC vice president and chief of staff/chief of staff for Ohio State Newark. The committee will include representatives from the student body, staff and faculty.

#### **Ohio State Spring Commencement**

Ohio State held a modified commencement on May 9 in Ohio Stadium, its first in-person commencement since 2019.

- 84 spring ’21 graduates completed a bachelor’s degree entirely at Ohio State Newark
- 268 Ohio State Newark students earned associate degrees in spring ‘21

#### **Autumn semester**

Awaiting additional guidance from the university regarding details for COVID protocols.

#### **Faculty news**

For the third time in his career, Assistant Professor Michael Stamatikos has received the prestigious Bruno Rossi Prize from the American Astronomical Society’s High Energy Astrophysics Division (HEAD). HEAD awards the Bruno Rossi Prize annually for a significant contribution to High Energy Astrophysics. In 2021, the prize was awarded to the IceCube Collaboration for the discovery of a high-energy neutrino flux of astrophysical origin. The IceCube Collaboration is made up of over 300 researchers, including Stamatikos, from 53 institutions in 12 countries.

Additionally, Dr. Stamatikos was named a 2021 Community Engaged Scholar at The Ohio State University. He is one of only six Ohio State faculty members to receive the award this year. The Community Engaged Scholar Award annually recognizes faculty members who have demonstrated engaged scholarship that has impacted communities and made a significant contribution to Ohio State's culture of engagement, further establishing and

strengthening the institution's commitment to supporting communities. Dr. Stamatikos serves as Chief Science Officer at The Works through Ohio State Newark's collaboration with The Works' SciDome.

John Low, associate professor in comparative studies and director of the Newark Earthworks Center, is guest curating a temporary exhibit featuring Pokagon (po-kay'-gun) Potawatomi (pot-uh-wah'-tuh-me) basket making at Chicago's Field Museum of Natural History. The exhibit will be on display to the public until February 20, 2022.

Lecturer Epp Annus received a 2021 Estonian National Research Award. She was recognized for development of a philosophical-methodological paradigm for Soviet postcolonial studies and for her research in Soviet societies and cultures. The Estonian National Research Awards are presented annually by the government of Estonia for excellent research results by Estonian researchers and research teams.

## **OLD BUSINESS**

Brian Boehmer provided an update on the progress of the John and Mary Alford Center for Science and Technology Building which is 100% complete and we have passed all inspections and have received our certificate of occupancy. Wrapping up the punch list and landscaping. The Pataskala campus renovation project is about 90% complete. Passed the life safety inspections and various other inspections. Brian shared details of ongoing projects toward completion. Furniture has been delivered. All the interior wall graphics have been installed. We anticipate receiving the final occupancy later this month.

## **NEW BUSINESS**

### **Annual Approval of Graduates**

Mr. Hawkins made a motion to approve the list of graduates. Mr. Thompson seconded the motion. Motion passed.

**WHEREAS:** the Central Ohio Technical College Board of Trustees has authority for the issuance of degrees and certificates; and

**WHEREAS:** the faculty shall transmit for approval by the Board the names of students, who have completed degree and certificate requirements,

### **NOW THEREFORE**

**BE IT RESOLVED:** that the degrees and certificates conferred this year to those persons who have completed the requirements for their respective degrees and certificates and are recommended by the college and that the names of those persons awarded degrees and certificates be included in the minutes of this meeting.

### **Moving on from COVID: COTC’s Academic Strategy for the New Normal**

Dr. Eric Heiser, Provost, reflected back and shared plans for looking ahead. He shared of our Academic & Student Success Plan and lessons learned.

One year ago...Programmatic changes: Culinary Science program closed, reduced number of Engineering programs and right-sized staffing, evaluated struggling programs, reduced faculty, and administrative positions, looking to the future.

Where do we stand today...returning to campus, nursing program is completely back on campus fulltime, invested for online transition and training of staff and faculty, invested millions in our students, enrollments are trending up.

Next normal...flexibility (meeting students where they are and providing options), willing to challenge the norm, be innovative, differentiate how we are the best choice for our students, new federal levels of support, be ready for anything

Moving forward? Continue to evaluate current and future academic programs, focus on student success, improve our retention and completion rates and seeing our students to graduation.

Extended campuses...focus on gen-ed and in demand programmatic offerings which are very strategic. Offering short-term certificates. Partnerships with CCP & Career Centers and leverage these strengths.  
 Coshocton – Gen-Ed Delivery, encourage transfer upon completion. Short-term programs healthcare related and C-tec manufacturing partnership  
 Knox – Gen-Ed delivery, Nursing program, Economic Development partnerships enhanced  
 Pataskala – Fastest growing area of the county. CCP Partnerships are strong and getting stronger. IT and DMD to start in the CCP areas. Nursing & Healthcare, Warehouse & Logistics, Gen-Ed and Expansion discussions

Future – *Potential* new programs (Dental Hygiene (C-Tec Partnership), Logistics and Warehouse Operations (Amazon), Airframe Mechanic (Boeing need), Brew master/Distiller, Medical Coding, Others

Path Ahead...we need to be willing to take chances, figure out what works for us, unafraid to make tough decisions, ensure our budget reflects our goals, be bold and stand out to help students achieve their goals.

## **PRESIDENTS REPORT**

Dr. Berry, our goal is to adapt and evolve to meet our students needs and demands in each of our market areas. Enrollment for summer is flat and we are looking forward to having our nursing students back on campus.

Budget – David reported that the FY22 budget will come before the board next month. We have preliminary state projects based on the governor’s version. We got a 4.2% increase which is very significant. There could possible still be some changes over the next month or so. Finance Committee meeting on May 27 and will bring it to the board next month.

Dr. Berry gave Bruce Hawkins a tour of our Coshocton Campus last week while John was in Coshocton to meet with some Coshocton partners.

Minor Police Academy training center issue in the newspaper last week. Issue and rectified. Tactical unit moved to office campus location.

Cabinet Retreat held last month was quite successful. Would recommend the book “Boys in the Boat” which is great for team dynamic/review.

## **OTHER BUSINESS**

Chairman Montagnese suggested we consider not holding a board meeting in July. Mr. Thompson made a motion to not have a meeting on July 20 as originally scheduled. Mr. Crawford seconded the motion. Motion passed.

**BE IT RESOLVED:** the Central Ohio Technical College Board of Trustees agrees to not have a meeting on July 20 as originally scheduled.

Mr. Hawkins made a motion to adjourn.

Mr. Montagnese is hoping we return to in person meetings starting in August. We are looking into space on campus that would accommodate an in person meeting.

The meeting adjourned at 9:32 a.m.

Steve Cohen  
*Vice-Chairman*

## **MISSION STATEMENT**

*To meet the technical education and training needs of students and employers in the area.*
