

Which **COTC** degree is for me? Find your path to become a **human services professional.**

Associate of Applied Science in Human Services Technology
Associate of Arts in Social Work

COTC offers two paths to obtain your social work license/registry:

1. Complete COTC's Associate of Applied Science in Human Services Technology and upon completion you will be eligible to apply for the Social Work Assistant registry. You will need to complete a bachelor's degree in social work to be eligible to sit for the Licensed Social Work exam.
2. Complete an Associate of Arts in Social Work and you will need to complete a bachelor's degree in social work to be eligible to sit for the Licensed Social Work exam.

Explore the Benefits and Differences
