### RADIOLOGIC SCIENCE OBSERVATION EVALUATION

Application Deadline: May 15, 2020

Applicant Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_

Hello!

We at Central Ohio Technical College are implementing a new system to help streamline our Allied Health applicants' observation submissions. We have moved to an electronic survey to be completed online at:

[www.jotform.com/COTCRecords/RAD](http://www.jotform.com/COTCRecords/RAD)

There you will find questions about the applicants' professionalism, communication, demeanor & interest demonstrated during their observation.

You will be asked to electronically sign the form and provide your work contact information. Once the survey is submitted, you will receive a confirmation page as well as a confirmation email.

Please note: A number of random applicant observations will be selected for verification. If selected, a member of the COTC Records department will contact the facility or the email address provided on the observation to confirm the validity of the submission, so we ask that you provide an email address affiliated with the observation site.

Thank you for your willingness to host our applicants as they explore their future in a health profession.
