

STUDENT ENGAGEMENT TEAM PRESENTS

Rethinking Liberation Narratives: Military Marriages after the Holocaust

Jan. 27th 2022

2:30–3:30 PM

Virtual event with
Robin Judd, PhD,
guest speaker

During this presentation Professor Judd will discuss her current research, focusing on the significant number of European Jewish Holocaust survivors who married American, Canadian and British soldiers during and after the war. She will examine the transnational stories of these survivors and show how these wartime marriages served as touchstones around important issues of the day—those of multiple displacements, gender, religion, and reconstruction.
