THE UNIVERSITY OF
HIGHER EDUCATION, REINVENTED.

WGU
A NEW KIND OF U.™

WESTERN GOVERNORS UNIVERSITY

Innovative, Online, and Surprisingly Affordable

Many working adults want to earn a bachelor's or master's degree, and WGU is helping make that possible. WGU is a nonprofit, online university created to make affordable, high-quality education more accessible. For about half what you'd pay at another online university you can earn a respected, accredited degree in business, IT, nursing, or education, on a schedule that works for you.

A Better Way to Learn

Spend time studying what you need to learn, not what you already know. With no fixed class times, you can advance through most courses as fast as you demonstrate mastery of the material. You will be rewarded for your hard work and dedication, and you can draw on your existing knowledge and experience to potentially accelerate your time to graduation, saving you both time and money.

Prepare for a Successful Career

Designed with input from industry experts, our degree programs prepare you for a successful career by equipping you with the strategic skills and knowledge you need to stand out in your field. We offer accredited, competency-based degree programs that allow you to draw on what you already know to potentially accelerate the pace of your progress. You can be confident that when you earn a degree from WGU, you'll have the qualifications you need for the career you want.

WHAT STUDENTS LIKE ABOUT WGU

In 2015, National Survey of Student Engagement (NSSE) polled more than 350,000 students from more than 600 institutions. Students scored WGU much higher than the national average in several key areas such as:

- Quality of interactions with faculty— 12% higher
- Quality of academic support—12% higher
- Would attend same institution again— 10% higher
